PRESIDENT’S MESSAGE

Oblate School of Theology enjoys a long and a rich history. Founded as a tiny school on a hill outside the city of San Antonio more 100 years ago, it has grown up along with the city. Today the San Antonio metropolitan area numbers over two million persons and Oblate School of Theology sits near its geographic center. Like San Antonio, it too has grown. A hundred years ago Oblate School of Theology was a small enclosed Scholasticate training only Oblate seminarians. Today it still trains seminarians for ordination, more in fact than it ever did before, but those seminarians today come from all over Texas, from all over the United States, from various countries around the world, and they share classrooms with lay students who too are preparing for ministry in the Church.

Inside all of this growth and change, Oblate School of Theology has remained solidly rooted in its original mission. It is still concerned with reaching out in a special way to the poor; it is still concerned about creating new church life and not just in sustaining what is; it is still concerned about who is falling through the cracks in our society; and it is still concerned with giving witness to simplicity of life.

The words that undergird the charism of the Missionary Oblates of Mary Immaculate also undergird the ethos of the Oblate School of Theology: Oblates are missionaries for the poor, particularly sensitive to the struggles of those who are being excluded, all the while trying to witness to simplicity of life.

This catalog provides the details of our mission – education, form, and renew men and women to “preach the gospel to the most abandoned.” This aspect of the Oblate Charism is at the heart of what we do. Study at OST involves the works of faith – prayer, Eucharist, research, reflection. It involves a total and complete immersion in the Christian way of life, together with the entire Church. I encourage you to take advantage of all the opportunities you find here. We work so that women and men, religious and diocesan seminarians, Christians from all traditions come to know one another and build up the Church together.

Those who spread the gospel, who continue Jesus’ saving work, will have to do healing work so peace can be found. This is the work of the Kingdom. And its difficult work. Preaching to the most abandoned calls for seeing the gospel through the eyes of the poor, a challenge to those who rich; an opportunity for everyone to live faith and accomplish ministry in new ways.

Welcome to this place of faith and scholarship. We are proud of our past and confident in our future. Join us!

Scott Woodward, DMin

President

MISSION

Inspired by the charism of the Missionary Oblates of Mary Immaculate, Oblate School of Theology educates, forms, and renews men and women to “preach the Gospel to the most abandoned.”

STATEMENT OF PURPOSE

Oblate School of Theology, founded and sponsored by the Missionary Oblates of Mary Immaculate, is a Catholic graduate and professional school which provides education for the church’s mission and ministry in the world.

The institution prepares persons for pastoral ministry through academic study and supervised practice. Through degree and certificate programs, the School strives to educate and form candidates for priestly ministry as well as lay ministries. Beyond its Master’s level degrees, the School offers both academic and professional doctoral degrees, as well as opportunities for professional continuing education and personal spiritual renewal to those serving in the church, society, and the academy.

Oblate School of Theology models and fosters collaboration in ministry. It accomplishes its mission in cooperation with formation communities and other ecclesial and societal institutions.

The pastoral orientation of the School requires practical and reflective engagement with the multi-cultural, global reality of church and society. Drawing upon Oblate School of Theology’s location and historical dedication to the Mexican-American presence in the Southwest, the learning, teaching, and research of the School pay particular attention to the diverse and rich Hispanic reality of the Americas.
HISTORY

The Missionary Oblates of Mary Immaculate came to Texas in 1849, at the urgent request of Texas’ first Roman Catholic Bishop, to preach Christ’s message and to serve the People of God, especially the poor and marginalized.

Oblate School of Theology was founded in San Antonio in 1903 as the San Antonio Philosophical and Theological Seminary. The School’s initial goal and mission was to educate young men to serve as Oblate missionaries in Texas, New Mexico, Louisiana, Mexico and the Philippines.

Today, Oblate School of Theology prepares men for priesthood from many dioceses across the United States and a number of religious communities. Roman Catholic men and women and those from other Christian traditions are present on campus as the School also prepares men and women religious as well as laity from Catholic and other Christian traditions for a variety of ministries.

The early spirit and motivation of the pioneering missionaries to be of service to the church in the cultural context where faith is lived and expressed is still a driving force for Oblate School of Theology. It understands preparation for mission and ministry as the actual integration of pastoral experience and theological study.

In 1981, Oblate School of Theology began the Ministry to Ministers program. The program is a four month intensive spiritual and theological sabbatical experience for priests and religious men and women who have been in ministry for a number of years. The Lay Ministry Institute opened its doors in 1982, and the Instituto de Formación Pastoral in 1985. These two programs prepare candidates theologically and spiritually in certificate programs for pastoral lay ministry. In 1992, the Oblate School of Theology assumed the responsibility for the Oblate Renewal Center (formerly Casa San José). Through its facilities, the Center offers a variety of programs to respond to the needs of the local church.

The School recognizes the many ethnic groups present in the Southwest and the United States as a whole, reflecting the reality of the world church. In the Southwest, understanding ministry within its proper cultural context is particularly relevant to the Mexican-American community and heritage. There are distinct challenges, for example, of the Mexican-American in predominantly Anglo-American institutions as well as those of the Anglo-American preparing for ministry to predominantly Mexican-Americans. The school’s programs utilize the Hispanic cultural environment of San Antonio to learn from and to prepare students to minister effectively among peoples of diverse cultural backgrounds.

In addition to a commitment to the Hispanic/Latino population, Oblate School of Theology has opened its doors to a diverse student population from all over the world. The school also is a center where students from a number of religious denominations complete a degree in theology and ministry.
THE CAMPUS

Oblate School of Theology is located in San Antonio, Texas, a city of rich cultural heritage. The Gayle and Tom Benson Theological Center houses the business offices, classrooms, a large lecture hall. The beautiful grounds including the Merium Study Garden provide ample space for enjoying the outdoors and finding a quiet place for study and reflection. A large swimming pool is available during the warm months of the year.

The Donald E. O’Shaughnessy Library (DEOL) is a resource center that acquires materials in those areas which relate to the curriculum and programs of Oblate School of Theology (OST), as well as materials designed for scholarly research in theological subject fields, and organizes those materials for efficient intellectual and physical retrieval.

Through the provision of its collection development and database subscriptions, DEOL provides for the informational needs of the students, faculty, administration, and staff of the School in matters relating to the performance of their functions at OST.

To assist those it serves in obtaining access to informational resources which are not a part of its collection, the Library participates in resource-sharing activities in both a local and a national level, including the utilization of computerized bibliographic services.

The Donald E. O’Shaughnessy Library holds approximately 85,000 plus volumes in its 17,000 square-foot facility, which consists of three floors in its west wing and three floors in its north wing.

The north wing consists of the main entrance, the circulation desk, a patron-resource center, and reading area. The second and third floors house the circulating collection. Study areas throughout the library are also available.

The west wing of the library houses the Periodical Reading Room that displays about 400 scholarly and popular journals and periodicals. This floor also holds special collections that feature items such as thesis/dissertations of our faculty and alumnae, the Loeb Classic Library, Penguin Classics, and other artifact-specific collections.
This wing also holds the reference room that is rich in research materials geared and maintained for the theology student and research scholar. The area holds biblical commentaries, dictionaries, and concordances. The Fathers’ Room houses collections specific to the writings of the Fathers of the Church, like the Latin and Greek Migne Collections, and the Sources Chretiennes. The Basement in this wing houses religion/theology bound journals like Acta Apostolicae Sedis, American Catholic Studies Journal, Aztlan: Journal of Chicano Studies, Biblical Interpretation to mention a few.

Aside from the main library building the DEOL houses other libraries on the campus of Oblate School of Theology. These libraries include the Archives Library, Special and Rare Book Library, and an Offsite Library. The Lebh Shomea Project entails incorporating the library holdings at the Oblate Lebh Shomea House of Prayer in Sarita, Texas into the DEOL catalog. The DEOL doors are open to the local community as well as researchers. These patron groups may apply for library privileges.

The Immaculate Conception Memorial Chapel, which has seating for 400 persons, stands prominently on the campus. The Lourdes Grotto and Shrine of Our Lady of Guadalupe are located on the adjoining tree-shaded park area.

The Pat Guidon Center for Continuing Education, houses the Ministry to Ministers Sabbatical Program and provides additional housing for guests for the School.

The 50,000 square-foot Oblate Renewal Center (ORC) is a conference, workshop and retreat center that accommodates individuals or groups of up to 120. The facilities include three conference rooms, smaller breakout rooms, library, classrooms and 60 bedrooms (either single or double occupancy) with private bath. The spacious dining room with its bay windows framing the beautiful tree-studded campus and grand foyer entrance enhance the sense of connectedness to the natural surroundings. The St. Joseph’s Chapel is the Renewal Center’s main worship space. The adjoining Lourdes Grotto and Tepeyac Shrine has a chapel, and the Immaculate Conception Chapel at Oblate School of Theology is also available for larger groups’ worship needs.

The Whitley Theological Center (WTC) is located directly east of the main building, now known as the Benson Theological Center. The WTC houses a 400-seat conference area, five high technology classrooms and a new student lounge. A parking area is located directly behind the WTC.
The Gayle and Tom Benson Theological Center (BTC) is the main OST administration building which was rededicated on May 24, 2013 and renamed in honor of Gayle and Tom Benson, HOMI. The building is referred to as the Benson Theological Center, or BTC.

The OST Dean’s Residence Hall is the newest residence hall constructed on the Oblate School campus for short and long term residence students, guests and adjunct faculty.

CASE STUDY
Case Study Guideline
Identifying a Ministerial Experience for Use in the Case Study: “A case study is a report that presents an event involving a dilemma or problem for consideration. It is a slice of life, a recounting of an actual human situation. … It is one person’s recollection of what happened told as accurately and honestly as possible. Other persons involved may give different accounts. A case study is not an account of an extraordinary event in ministry but rather one that is fairly typical and which involves some responsibility on the part of the minister or chaplain. … Case studies are written in the first person….” (Coll, Supervision of Ministry Students, 78-79)

- **Assignment: Write a case study.** Choose a key ministerial situation you have encountered that has raised significant theological questions or tensions that require a discerned pastoral response.

- **Using format below for your paper.**

Name:
Date of Ministerial Experience:    Today’s date:
Identify the pastoral issue in the ministerial experience:
1. Background: Put the experience in context: pertinent background details; the ministry setting; your prior feelings or expectations.
2. Description: Narrate as objectively as possible what happened. Report the facts: who, what, when, where, how, and why. Include all important details.
3. Reflection:
   Personal: What did the experience evoke within you at a personal/human level?
   Professional/Pastoral: What was your pastoral response to the situation? What skills and knowledge were needed? What skills and knowledge did you use? How does this experience impact your pastoral identity? How adequate or inadequate was your response? What did you use to evaluate it?
   Cultural Context: How do you describe the cultural milieu in which you were ministering? How does your own background help or hinder you to understand these cultural realities? Considering your own social location and the ministry’s social context, what cultural issues are raised? How did you pastorally express cultural awareness and sensitivity? How have your pastoral studies informed this experience?
   Theological: What theological issues or themes emerge from this incident? How does this experience inform theology?
   Spiritual: How does this experience help support your spiritual development?
4. Integration
   What insights has this reflection provided? Would you change anything in your pastoral response following this reflection?
Admission of International Students

This school is authorized under Federal law to enroll nonimmigrant alien students. An international student is a student who has citizenship in a country other than the United States. International students should apply for admission no later than 60 days prior to the beginning of the semester in which the student plans to attend to ensure no delay in acceptance and registration.

In addition to the general requirements listed above for either degree level, international students applying for admission to Oblate must complete the following.

1. Financial Support Documentation Requirements
   Oblate School of Theology verifies that the international applicant has adequate funds to cover all expenses while studying in the U.S. These expenses include tuition, fees, books, supplies, living expenses, health insurance, and miscellaneous expenses (travel, recreation, toiletries, telephone, etc.). The required funds should cover at least the student’s first year of study. The student or sponsor must provide adequate funding for subsequent semesters.

   Funds may come from family, scholarships, fellowships, sponsoring agencies and/or personal funds. Documentation of scholarships and fellowships may be in the form of an official award letter from the school or sponsoring agency.

   Documentation of personal or family funds should be on bank letterhead stationary that must include the following information:

   • Address and phone number of the issuing bank
   • Name and signature of the issuing bank official Indication on how long the account exists
   • Current balance and average balance over a minimum of the previous six months
   • Indication of the type of currency (Euro, Peso, U.S. Dollar, etc.)

   Documentation of financial support should be issued preferably in English. Bank letters will be accepted if not older than six months at the time of the application. Funds invested in the stock market cannot be accepted as a dependable source due to the possible fluctuation of their value.

2. Immigration Documents
   Non-U.S. citizen applicants must submit a copy of any and all documents issued by the U.S. Citizenship and Immigration Services for entry into the United States of America as a non-immigrant student, religious worker or permanent resident. These documents include: a copy of the applicant’s current passport and U.S. VISA. These copies must be received before the applicants begin studies.

3. Test of English as a Foreign Language (TOEFL)
   Non-native English speakers must develop the capacity to do theological studies and to minister in English. It is recommended that students whose native language is not English
undertake intensive English language studies before admission to Oblate School of Theology. They must present the official results of the Test of English as a Foreign Language (TOEFL) before admission to the School.

To be an effective leader of ministry in the United States, a sufficient level of English must be achieved. This level includes being able to celebrate the liturgy, preach, and converse in a pastoral setting in English. Because the pastoral leader must relate with and be a part of the U.S. Church and society, the pastoral leader must be able to communicate well in oral and written English.

The further development of English language proficiency for seminarians will be monitored during the seminarian evaluations. Suitable proficiency must be demonstrated before admission to Candidacy.

It is the policy of Oblate School of Theology that students whose native language is not English are permitted to do at least some of their course requirements (papers and examinations) in Spanish (or in another language), in accord with the capabilities of the instructor, especially in the initial year of study at Oblate. Nearly all full- time faculty members read and/or write Spanish.

Non-U.S. citizens whose native language is not English are exempt from the MAT; however, the foreign-born student in Master level courses must present a score of at least 71 on the Test of English as a Foreign Language (TOEFL) to begin full-time studies. The foreign-born student in Doctoral level courses must present a score of at least 79 on the Test of English as a Foreign Language (TOEFL) to begin full-time studies. TOEFL scores older than two years are not accepted. Non-U.S. citizens, whose native language is not English, but who have completed their 4 years of undergraduate studies at a U.S. institution, should complete the MAT. Test results must be sent directly to the school.

The Oblate School of Theology code numbers is 6527 for the TOEFL. Note that these OST code numbers are normally not available in the information booklet or at the test centers.

**Admission for Transient Students**

Students in good standing at a recognized graduate school who wish to enroll for a maximum of four (4) courses and who plan to continue at the school of original admission may be admitted as transient students.

A transient applicant to Oblate School of Theology must submit:

1. **Application**
   Complete the application and return it with the application fee in the form of a check or money order. This fee is non-refundable. (See Tuition/Fees Sheet for current price.)
2. **Official Transcript**
   Official transcript from the college/university you are currently attending. The transcript must be mailed directly from the college or university to the Registrar’s Office.

   Enrolling in additional course work beyond the twelve hours will require an application for a change of status. Students must fill out a formal application for admission and submit an official transcript from the school of original admission.

**Admission for Non-Degree Seeking**

If non-degree seeking, an applicant to Oblate School of Theology must submit:

1. **Application**
   Complete the application and return it with the application fee in the form of a check or money order. This fee is non-refundable. (See Tuition/Fees Sheet for current price.)

2. **Official Transcript**
   Official transcript from the college/university you are currently attending. The transcript must be mailed directly from the college or university to the Registrar’s Office.

Non-degree-seeking students may register for a cumulative total of no more than four (4) courses of course work under the normal grading system. Non-degree seeking students are expected to conform to graduate standards of scholarship. In some cases, credit hours taken under a non-degree seeking status and under the normal grading system may be applied toward a degree if a student later gains admission into the Oblate School of Theology. Such credits will be evaluated as though they were transfer credits from another institution and must be approved by the Program Director and/or the Dean. Non-degree seeking students may not be eligible for some forms of financial aid.

**Re-Admission to the School**

Students who have been absent from the School for one full academic semester (Fall/Spring) or more must apply for re-admission to the School. This no-fee application is available on the School’s website. Official transcripts of all coursework completed while absent from the School must be submitted prior to re-admission.
ACADEMIC/PROFESSIONAL INFORMATION

Academic Advising
Students are assigned a faculty member for academic advising. The Office of the Academic Dean offers information for various services available to students. The Academic Dean oversees the curriculum and course sequencing. The Program Director of each degree advises the students in that degree program. Persons who are not in a degree program may register for courses with the approval of the Registrar. Students are encouraged to consult with faculty regarding specialization or other concerns related to the courses. Exemption from prerequisites for a given course may be granted only by the Program Director, after consultation with the Academic Dean and course instructor.

Academic Probation
Students are expected to maintain the grade point average required for graduation under their degree program. If at the end of a grading period, the student’s cumulative grade point average falls below the grade point average required for the degree, the student is placed on academic probation.

MDiv and MAPM students are expected to maintain a cumulative 2.5 GPA. MA students must maintain a 3.0 GPA. A student who does not maintain the required cumulative GPA will be placed on academic probation until the cumulative GPA meets the standard for their degree. A student on academic probation who fails to maintain the minimum semester GPA for two semesters will be suspended for a semester. Such a student may apply for readmission.

The situation of international students with an F-1 status attending OST and who have been placed on suspension will be reviewed on an individual basis.

After readmission, failure to maintain the grade point average for the semester will result in dismissal from the degree program and the School.

Maintaining the minimum cumulative GPA of 2.5 or the 3.0 for the MA is required for both candidacy and graduation. Being removed from academic probation may not satisfy all of the degree requirements, and is not a guarantee of candidacy for graduation. More details can be found in the OST Student Handbook.

For Part-Time Students, probation will not be levied until four courses have been completed. The part-time student will be notified after one course of the insufficiency and of possible probation.

Academic Year
The Academic year is divided into two semesters of approximately fifteen (15) weeks each. An Intersession is scheduled in January and the Summer Session is held in June.
Auditing Courses
A person who has not been admitted to the School may apply for permission to audit course without credit. Courses audited are not applicable towards a degree, and permission to audit does not constitute admission to the School.

With the permission of the professor of the course and the Dean, students may audit certain courses. Auditors should normally possess a bachelor’s degree. Auditors are expected to attend class sessions and keep up with the assigned readings but are not required to take examinations or fulfill other course requirements. Courses taken for audit cannot be counted for credit at a later time. Audit courses are entered on the transcript but are not counted as fulfilling degree requirements. Tuition and registration rates for auditing courses are found in the current list of education costs.

Certain courses are closed to auditors. Certain courses may also be taken for Enrichment, which does not provide a record of the student’s participation. More information on Enrichment is available from the Office of Admissions.

Candidacy
Students must apply for candidacy according to their respective degree plan. The granting of candidacy indicates that a student is making acceptable progress toward the completion of a degree. Refer to the individual degree program section of this catalog for candidacy requirements.

Change of Status
To change status from non-degree seeking to degree seeking, the student must meet the requirements for admission to the program and submit the formal application to the Registrar.

Class Attendance
Students are expected to attend all meetings of a class for which they are registered. Professors may establish specific attendance requirements for their classes. The student needs to notify the professor of his absence before the class time. It is presumed that a student has withdrawn from the class if, without the approval of the professor, more than 3 classes are missed in succession. Repeated absences during a semester may result in a failing grade.

Withdrawal from courses must be processed and documented in the Registrar’s Office (see below: Withdrawal from Courses).

Classroom Accommodations
Academic requirements may be modified, as necessary, to ensure that they do not discriminate against qualified applicants or currently enrolled student with disabilities. However, academic requirements that are essential to programs of instruction (i.e., specific prerequisite courses, attendance requirements) are not considered discriminatory and cannot be waived. These modifications, coordinated through the Registrar’s Office, shall neither affect the substance of the educational program nor compromise educational methods.
The following listing, although not exhaustive, represents the services and accommodations that are more commonly provided to “eligible” students with disabilities. Eligibility is determined by the Registrar’s Office with the assistance of the Academic Dean on a case-by-case basis:

1. Services
   • Correspondence with faculty
   • Relocation of classes to accessible classrooms and/or buildings
   • Assistive technology loans (temporary)
   • Accessible materials
   • Academic Advising

2. Examples of Classroom Accommodations
   • Preferential seating in classrooms
   • Being allowed to record lectures
   • Use of a scribe for exams and quizzes
   • Copies of instructor’s lecture notes (when applicable)
   • Copies of PowerPoint presentations and overheads (when applicable)
   • Reduced course load
   • Use of enlarged print for all print-based materials
   • Use of a reader for exams and quizzes
   • Use of a computer to take exams and/or write papers
   • Alternate test formats
     • (i.e., oral instead of written, etc.)
     • Advanced copy of course syllabus, textbooks, materials, assignments, etc.
   • Extra time on exams and quizzes
   • Use of spellcheckers and/or word lists
   • Receiving handouts in alternate format

**NOTE:** Students are responsible to pick up their completed letters of accommodation from the Registrar’s Office and deliver to their professors to discuss as soon as possible as classes begin. Accommodations are not retroactive and begin the day the professor receives the Letter of Accommodation from the student.

After the initial registration with the Registrar’s Office, students wishing to receive classroom accommodations for each subsequent semester must submit a “request for letters of accommodation” form each time that they register for new classes.
Core Course Challenge
Oblate School of Theology students who hold an undergraduate degree as described in the general admissions section of the catalog and have had course work appropriate to the core (4000/6000 level) courses may apply to challenge these courses for credit. The process for challenging a core course is found in the OST Student Handbook. A course challenge should ordinarily be completed before the semester in which the course is taught but no later than the first week of semester.

Course Waivers
A student’s program director may, with the approval of the Academic Dean, and after consultation with the instructor and the academic advisor, allow a student to waive a required course, if the student can present evidence of having mastery of the course material gained by previous academic course work, private study or life experience. A waiver of a graduate course permits the student to enroll in graduate courses, for which the waived course is a prerequisite, but does not award credit for the waived course or reduce the number of hours required for the degree being sought.

Another graduate course must be taken to earn the credit hours of the waived course. A course waiver challenge should be completed before the semester in which the course is taught. The deadline is the final registration date for the semester. When a prerequisite undergraduate course is waived, the student does not need to earn undergraduate credit hours as a substitution.

Directed Reading Courses
Required Course – Normally, required courses are not taken as directed readings. However, a student may take a required course as a directed reading course under the supervision of an appropriate faculty member. This option is permitted only when it is not reasonably possible for the student to take the course when regularly offered. Taking a course in such a manner requires the consent of the student’s program director, academic advisor and the faculty member concerned, and must be approved by the Academic Dean. Such directed readings courses shall be offered within the normal academic semester.

Special Studies – A faculty member may offer an elective to a student as a directed readings course on a topic relevant to the OST curriculum but not available as a current course offering. Taking a course in such a manner requires the consent of the faculty member and the approval by the Academic Dean. Special studies courses shall be offered in conformity with the normal academic calendar.

(If a grade of “D” or “F” is received in a core course (as specified in the degree plan), the course must be repeated. The grade of “F” does not earn credit hours.)

Graduation

Formal graduation is held in May and diplomas will be awarded at that time. All graduating students are encouraged to attend their commencement exercises. Students pay a graduation fee whether or not they are present for the commencement exercises.

If a student finishes all class work in summer or fall and requires verification of completion of studies, the Registrar will provide the student with a copy of the permanent record and a letter verifying completion of studies, but the diploma will not be awarded until graduation in May.

Matriculation

At the beginning of their first semester at Oblate, all admitted students pay a Matriculation Fee. A matriculated student is one who is both admitted and enrolled at Oblate. The Matriculation Fee is a one-time fee charged to all newly admitted, degree seeking and credit students during a student’s first semester.

Non-degree seeking students and transient students will not be charged a matriculation fee.

Off-Campus Study

Students who have been admitted to OST, and who want to transfer elective credit from another graduate theology school must obtain written permission from their academic advisor. Students complete the Request to Take Courses from Another Institution to Be Transferred to OST Form before attending the course(s).
Registration
Registration occurs before the end of the previous semester for all returning students. Registration for new students is scheduled the week before classes begin. The Registrar announces procedures for registration. Late registration is handled through the Registrar and is charged an additional fee. A student will not be allowed to attend classes in another semester if there is outstanding tuition or fees.

The students with outstanding material will be charged a $100.00 administrative fee at the beginning of the second semester/session and each subsequent semester/session until the material is received. For valid reasons the fee may be waived at the discretion of the Director of Admissions. If all admissions materials are not submitted by the first class day of the second semester, the student’s name will be purged from class rosters and the student will not be able to attend classes.

Service Animal(s)
A service animal is any dog individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability and meets the definition of “service animal” under Americans with Disabilities Act (“ADA”) regulations at 28 CFR 35.104.

The work or tasks performed must be directly related to the individual’s disability.

Where Service Animals Are Allowed
• Under the ADA, State and local governments, businesses, and nonprofit organizations that serve the public generally must allow service animals to accompany people with disabilities in all areas of the facility where the public is normally allowed to go.
• For example, in a hospital it would be inappropriate to exclude a service animal from areas such as patient rooms, clinics, cafeterias, or examination rooms. However, it may be appropriate to exclude a service animal from operating rooms or burn units where the animal’s presence may compromise a sterile environment.
• Therefore, service animals are generally permitted to accompany students with disabilities on University controlled property and in University buildings while they are performing tasks for the individual they accompany.

Documentation is not required for Service Animals
OST cannot require documentation, such as proof that the animal has been certified, trained, or licensed as a service animal. Generally, OST may not make any inquiries about a service animal when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability (e.g., a service dog is observed guiding an individual who is blind or has low vision, pulling a person’s wheelchair, or providing assistance with stability or balance to an individual with an observable mobility disability).

If not readily apparent, two inquiries can be made to determine whether the animal qualifies as a service animal:
• Is the animal required because of a disability?
• What work or task the animal has been trained to perform?
• Even though documentation is not required, students who wish to bring a service animal to campus are strongly encouraged to partner with Student Disability Services, especially if other accommodations are needed.
• Advance notice of a service animal needed in University Housing may allow more flexibility in meeting specific housing requests.

Student/Handler’s Responsibility regarding the Service Animal

• Under the ADA, service animals must be harnessed, leashed, or tethered, unless these devices interfere with the service animal’s work or the individual’s disability prevents using these devices. In that case, the individual must maintain control of the animal through voice, signal, or other effective controls.
• Although identification is not required, it is highly recommended that the service animal wear some form of commonly recognized identification symbol which identifies the animal as a working animal, but does not disclose the disability.
• The student is responsible for complying with the local and state laws concerning the care and control of animals, spaying and neutering, all required immunizations and licenses.
• The animal must be maintained under leash or carrier when outdoors, in public areas, or in transit.
• Animal accidents and waste must be cleaned immediately with appropriate cleaning products and/or disposed of properly.
• Flea, tick, and mite infestation prevention must be used. Costs incurred for pest exterminators should an infestation occur will be paid by the student.
• Animals must not be involved in an incident where a person experiences either the threat of or an actual injury as a result of the animal’s behavior.
• Animals may not be left unattended for more than 24 hours.
• The student must notify the Associate Academic Dean or Registrar’s Office if an animal has escaped and is not located within four hours.

Spiritual Formation and Ministerial Leadership
Retention in professional degree programs (MDiv and MA in Pastoral Ministry) is OST’s confirmation that the student is making desirable progress toward the fulfillment of all degree requirements, including those related to spiritual formation and ministerial leadership. Each semester the faculty evaluates currently enrolled MDiv and MAPM students. Questions or concerns, if any, are conveyed to the students, and, as deemed appropriate, others contributing to the student’s formation.

Evidence of suitable spiritual formation and of readiness for ministerial leadership can vary from one student to another. The kinds of personal qualities or dispositions which serve as guidelines for the faculty include:
• A lived faith
• Willingness to learn and grow
• A positive, hopeful attitude
• Patience and steadfastness
• Generosity
• Tolerance and courtesy
Status of Students

Full-time students are those who are accepted in a degree program and are pursuing a course load approved by the Program Director. The full-time DMin/PhD student normally carries three credit hours per session. The full-time MDiv student normally carries a minimum of 8 credit hours. The full-time MA student carries a minimum of 9 credit hours. The full-time MAPM student carries a minimum of 8 credit hours. The full-time pre-theology student in philosophy and/or religious studies carries a minimum of 12 undergraduate credit hours. The full-time pre-theology student in language studies carries a minimum of 12 undergraduate credit hours. Students in their pastoral year or internship year are considered full-time students.

Part-time students are those who are accepted in a degree program and carry less than the minimum for full-time students during a semester. All credit students not pursuing a degree are considered part-time students. The minimum full-time credit load for MDiv students is currently 8 credit hours. To complete the MDiv program in four years, the credit load is approximately 14 credit hours per semester. Full-time credit load for a 2-week summer/winter term is normally 3 hours. Full-time credit load for a summer term longer than 3 weeks is normally 6 hours.

Students Receiving V.A. Educational Benefits

Certification for VA Educational Benefits is available through the Registrar’s Office.

Satisfactory Progress

A student who is receiving VA educational benefits must maintain a cumulative grade point average of 2.5 to be considered making satisfactory progress, except for the MA which requires a 3.0 grade point average. Each of the degree programs has a candidacy application, after about a third of the credit hours have been successfully completed.

Candidacy is granted by the faculty through the Admissions Committee. It is a confirmation that the student is progressing successfully through the degree program.

Unsatisfactory Progress

If a student on probation fails to achieve the appropriate GPA during the following semester or summer session, then at end of the probationary period the student shall be reported to the VA as making unsatisfactory progress. A student who has been suspended for one semester and upon readmission does not maintain the satisfactory GPA at the end of the session shall be reported to the VA as making unsatisfactory progress and be excluded from the School.
Students with Learning Disabilities
In accordance with Section 504 of the Rehabilitation Act of 1973, Subpart E and Title III of the Americans with Disabilities Act, Oblate ensures accessibility to its programs, services, and activities for students with documented disabilities.

Accessibility is accomplished through the provision of a wide variety of services tailored to each student’s documented needs and strengths.

To qualify for services, the student must provide the Registrar’s Office with the appropriate documentation of his or her disability at the time services and/or accommodations are requested.

In order to be recognized for services and accommodations through the School’s Registrar’s Office, a student (full-time or part-time) with a disability/chronic medical condition should provide documentation on letterhead and signed by the appropriate, licensed educational, mental health, or medical professional who is: not related to the student and who is licensed/certified in the area for which the diagnosis is made.

Documentation requirements vary by situation. The Registrar will talk to the student about documentation during the initial conversation. No student should delay meeting with the Registrar out of concern for not having appropriate paperwork.

Generally, documentation should provide the following information:
- Date of evaluation
- Specific diagnosis
- Method of evaluation/examination
- Specific limitation(s) with respect to the current impact of the disability in the School and related educational environments as it relates to the accommodations requested
- Medication – the expectation of how use of specific, prescribed medications will impact the functioning of the individual.
- Additional Documentation – by Disability:

Attention Deficit Hyperactivity Disorder (ADHD/ADD) Documentation must include, evidence of early impairment, evidence of current impairment, description of current functional limitations pertaining to an educational setting that are presumably a direct result of problems of attention, identification of DSM-IV-TR criteria, specific diagnosis, and an interpretive summary.

Documentation from a Neurologist is preferred; however, documentation from a licensed psychologist or psychiatrist will also be accepted.

Blind or Visually Impaired
An ophthalmologic or optometric report indicating current visual acuity, near and distant vision (left/right, both eyes), and visual fields, with or without corrective lenses. The documentation must also include a specific diagnosis from a professionally licensed Ophthalmologist.
Chronic Medical/Systemic Conditions
Documentation must explain the current functional limitations imposed by the medical/systemic condition. If applicable, it should also list medications and their possible side effects and give any other pertinent information that may assist in determining reasonable accommodations. The documentation must be provided by a licensed physician.

Deaf or Hard-of-Hearing
Documentation must include an audiological report indicating current hearing levels, speech reception levels, with or without hearing aids and/or assistive listening devices and a specific diagnosis by a professionally licensed or certified Speech Pathologist and/or Audiologist.

Learning Disabilities
Documentation must include, results of a diagnostic interview, background information, behavioral observations, a comprehensive cognitive (intellectual) assessment with resulting standard test scores, a complete achievement battery to measure current functioning (the Wide Range Achievement Test – WRAT-3 is not acceptable as the sole measure of achievement) with resulting standard test scores and related discussion, and a specific diagnosis. Documentation must be provided by a licensed/certified Educational Diagnostician, Educational Psychologist, or Professional Counselor.

Physical/Mobility Impairments
Documentation that identifies current functional limitations, with or without apparatus, and that also states whether the condition is permanent or temporary. If the condition is temporary, the documentation must include the expected length of time for recovery. The documentation must be provided by a licensed physician specializing in the area of the diagnoses.

Psychological Disorders
Documentation must include: a specific diagnosis based on the DSM-IV-TR, a description of current functional limitations in the academic environment as well as across other settings, relevant information regarding medications and their possible effects, and must include any other pertinent information that may assist in determining reasonable accommodations. Documentation must be provided by a licensed Psychologist, Psychiatrist, Professional Counselor, or Social Worker.

Traumatic Brain Injury
Documentation must explain current functional limitations imposed by the condition. If applicable, it should also list medications and their possible effects and give any other pertinent information that may assist in determining reasonable accommodations. Documentation must be provided by a Neurologist or other related Physician.

All other disabilities and/or chronic medical/systemic disorders: Contact Student Disability Services directly for required documentation information.

NOTE: Students are responsible to pick up their completed letters of accommodation from the Registrar’s Office and deliver to their professors to discuss as soon as possible as classes begin.
Accommodations are not retroactive and begin the day the professor receives the letter of accommodation from the student.

After the initial registration with Registrar’s Office, students wishing to receive classroom accommodations for each subsequent semester must submit a “request for letters of accommodation” form each time that they register for new classes.
Transcripts and Records
Transcripts will be issued only for current and former students who are free of financial and other obligations to the School. The registrar will issue one official copy of the transcript without charges. Fees are charged for additional copies of transcripts, or expedited same-day service. The fee for transcripts is found online under Tuition and Fees. Requests for transcripts must be made in writing with a signature.

Student records at Oblate School of Theology are subject to provisions of the Family Education Rights and Privacy Act of 1974 (PL 93-380). Prescribed educational records of students are open to their inspection upon request. Every effort is made to safeguard the student records.

A written Release of Information Form is signed by the students in a collaborating Formation Program to release their grades to the Formation Director of their Community.

No transcripts are issued during registration week or the first week of classes.

Transfer of Credit at Graduate Level
It is the prerogative of the School to accept courses in transfer or for equivalency. Normally, graduate credits earned more than 10 years prior to admission will not be transferred. The director(s) of the program, with the student, initiate the process for a course transfer and submit transcripts to the Registrar’s Office. The student’s program director(s) reviews the documentation and makes the necessary decision regarding credit and course equivalencies.

Individual professors are consulted in the process where appropriate. The School stipulates the maximum hours acceptable in transfer according to ATS Standards. The student is normally responsible for submitting catalogs, syllabi, and course descriptions related to documentation for equivalencies and transfer of credit. Normally, grades of “C” or better are accepted for undergraduate credit. Grades of “B” or better are normally accepted for graduate credit. Transferred grades do not count toward the OST GPA.

Transferring from one OST Master’s Program to Another Master’s Program

Students transferring from one Master’s Program to another Master’s Program must apply to be admitted. The transfer application is available in the Registrar’s office. All transfer applicants must provide the following documentation:

1. Updated statement of Goals and Objectives.
2. Three recommendations, on forms provided by the School, attesting to the candidate’s religious, moral and intellectual qualifications for ministry:
   • one from someone in authority within the applicant’s denominational structures verifying their good standing;
   • one from someone who is qualified to attest to the applicant’s academic ability;
   • one from any person of the applicant’s choosing.
Transfer from MDiv to MA in Pastoral Ministry or MA degree:
  • the recommendation from someone in the denominational structure must be from the former Formation Director, if applicable.

Transfer from MA to MA in Pastoral Ministry or MDiv:
  • the recommendation from someone in the denominational structure must verify suitability for studies oriented toward professional ministry. (See also the section on Continuation Outside Priestly Formation.)
  • Interview with the director of the program for which admission is being sought. The Admissions Committee, after consultation with the faculty, will decide on the application.

United Colleges of San Antonio
The Oblate School of Theology, University of the Incarnate Word, Our Lady of the Lake University, and St. Mary’s University enjoy a program of interinstitutional cooperation through a consortium for the exchange of course offerings and of faculty members. There is a common commitment to the objective of placing at the service of every student the resources of all four institutions. Courses taken at one University, as long as they are approved as part of a student’s degree plan, are transferable to any other University in the consortium, and a student’s credits in these courses are accepted as if they were taken at his/her own University. Credit is granted by the institution in which the student has been formally admitted/ enrolled. For more information on regulations concerning interinstitutional enrollment, contact the Registrar’s Office.

These are not considered transfer courses and are listed on the OST transcript. The academic advisor and Program Director must approve the course selection.

Withdrawal from Courses
Students may withdraw from or change status (audit to/from credit, letter grade to/from Pass-Fail) in courses prior to the eighth week of the semester. Withdrawal from a course must be in writing on the Add/Drop Form with the signature of the academic advisor and Program Director. A withdrawal from a course(s) within the first week of a regular semester will not be noted on the permanent record. After the first week, however, the transcript will indicate withdrawal from the course. After that period there is a fee per course change; withdrawals are indicated on the transcript.

A withdrawal from courses after the mid-semester break will be indicated on the transcript by either a WP or WF, determined by the student’s grade in the course at the time of withdrawal. A passing grade receives a WP. A failing grade (below a B-) receives a WF. (For an explanation of WP and WF see the Catalog section on Grades.) The academic dean can override the policy in hardship or exceptional cases. Refunds for courses dropped are pro-rated according to the policy for tuition refunds. For the withdrawal policy of the DMin program, see the Catalog section for the Doctor of Ministry.
Candidates for ministry are challenged to integrate the various aspects of their life and educational experience in developing pastoral and ministerial theology. The School is non-residential, but forming community among students, faculty and staff is of primary importance. The community of persons forming Oblate School of Theology believes that it is essential to express and nourish its faith by celebrating communal prayer regularly. The social interaction of the various formation communities is important and the fact that it is possible to know all persons on campus by name contributes greatly to the warmth of relationships that seem to grow rather easily.

Each Tuesday of the semester there is a celebration of the Eucharist or other communal worship service. The Worship Committee, made up of students and faculty, prepares the liturgies to reflect the significance of the season or feast and the School community is invited to share in the service. This prayer time develops to parallel the awareness of the importance of the prayer life of the community and the growing linguistic and musical abilities of the participants.

To enhance the community experience, a luncheon is served on Tuesdays following the liturgy so that students, faculty and staff have an opportunity to share at a personal and social level. A Sunday Liturgy is held in the Chapel and is open to the public as well as to the students.

Social events include the Thanksgiving and Christmas luncheons, seasonal and multicultural celebrations and the receptions associated with the opening of school and with graduation. Students plan sports activities on a regular basis. The Coordinator of Student Activities plans various events with students and faculty.

Students in professional degree programs (Master of Divinity and Master of Arts in Pastoral Ministry) enter formation seminars and field education programs that offer experiential learning opportunities, personal integration of studies, and spiritual development. These formational and experiential elements present students with opportunities to demonstrate the capacity for spiritual and ministerial leadership required for these degrees. Retreats and prayer experiences are offered regularly.

Oblate School of Theology attracts students from the San Antonio area and surrounding states and dioceses and includes persons interested in ordained and lay ministry. Men and women students attend from many religious orders and from dioceses throughout the United States and Mexico; from denominations and parishes both Catholic and non-Catholic; and are representative of a multicultural environment. In addition, Oblate School has students on campus from other theological schools in Texas who use the O’Shaughnessy Library and attend classes. OST actively seeks to have a diverse student population of diocesan and religious seminarians, men and women religious, lay men and women, Catholics as well as Christians of other traditions, from diverse cultures and diverse traditions, where theological study may be done in the fullest possible context of Church. The population of the school reflects the spirit of Vatican II in its ecumenical dimension and its involvement of the laity. The richness of the educational experience is enhanced by the variety of backgrounds and the breadth of interest among our students.
Catholic lay men and women are an important part of the student body. These students are largely from parish communities in and around San Antonio. A large segment of the School’s population is seminarians who reside with or are members of the following affiliated institutions and/or religious orders.

Financial Aid Information

Financial Aid
Federally Insured Family Education Loan Program - The Oblate School of Theology participates in the Federal Family Education program for U.S. Citizens and Eligible Non-citizens. A student may apply for a loan through various lending agencies. The student will complete the FAFSA application, (Federal Application Financial Student Aid) with the U.S. Department of Education electronically at www.fafsa.ed.gov. The student will be required to provide pertinent information required by the Federal Government to approve each student for Financial Aid.

Federal Stafford Loans - subsidized and unsubsidized - are available from commercial lending agencies: banks, saving and loan associations and credit unions. The student must be enrolled at least half time. Information is available from the Finance Office or the Oblate School of Theology website located at www.ost.edu. When completing the FAFSA enter as first choice federal school code: 003595 for Oblate School of Theology. Upon completion, a student will receive a Student
Aid Report and a complete SAR/ISIR will electronically be delivered to the school. If a student is selected for verification, the student must provide the financial information requested, and complete a signed verification form. The student is responsible for locating and obtaining a lender and arranging for the loan.

Repayment of a federal loan is the students’ responsibility and usually begins six months after leaving the school. Additional information may be requested from the Financial Aid Coordinator in the Finance Office.

**Satisfactory Academic Progress**

**Policy for Graduate Students Receiving Financial Aid**

When students accept financial aid, they also accept responsibility for making Satisfactory Academic Progress (SAP). This policy is intended to help Oblate School of Theology students understand the requirements for satisfactory academic progress associated with receiving financial assistance.

Federal and State regulations explicitly state that OST must monitor SAP, which is monitored through a qualitative component which includes academic achievement (i.e., grades) and a quantitative component which includes credit hours as well as the number of terms that students have been enrolled.

These criteria are set by OST in order to maintain a high standard of student excellence and success. State and Federal regulations require that the SAP Policy must be as strict or stringent than the OST Academic Progress policy.

Graduate students in the MA (Theology) and MA (Spirituality) programs must maintain a minimum cumulative GPA of 3.0. Graduate students in the MDIV and MAPM programs must maintain a minimum cumulative GPA of 2.5. If a student’s cumulative GPA falls below the minimum standard, financial aid will be cancelled immediately. Further, financial aid will be cancelled immediately for any student who is suspended or dismissed.

Each semester (fall, spring, and summer) a graduate student must earn a minimum of 75% of the attempted credit hours registered for at the end of the add/drop date (please check with the registrar’s office each semester for the official add/drop date. This calculation is performed by dividing the number of credit hours earned by the number of credit hours attempted. Graduate students must enroll in at least 3 credit hours per semester.

In compliance with federal regulations, the following procedures will be used in evaluating earned credits. In addition to the hours completed for a letter grade, the following types of credit will count as well: (1) transfer credits or hours completed at another school and accepted for credit at OST, (2) in progress (IP) grade will be posted for a thesis, dissertation or research project until the thesis, dissertation or research project has been completed and approved by the thesis/dissertation committee, (3) an incomplete grade issued for a class in which a student has not completed the necessary course work, (4) withdrawal, that is, when students withdraw from a course after the add/drop deadline, and (5) repeat courses taken by students.
Non-credit (NC) and audited (AU) courses do not count towards the calculation of attempted hours.

The OST Financial Aid Office will notify students of their failure to meet the standards of this policy. Students are responsible for knowing their own status, whether or not they receive notification from the Financial Aid Office. Students who fail to meet the standard of this policy may reestablish their financial aid eligibility by doing the following: students can earn the number of credit hours for which they are deficient or improve their GPA without financial aid (these credit hours may be earned at OST or they may be earned at another institution and transferred to OST for any term after the deficiency occurs). Students should get prior approval from the Registrar’s Office to ensure that courses taken at another institution will be accepted. After the deficiency or extenuating circumstance is resolved, the student must submit a written appeal requesting the Financial Aid Office to review their eligibility to receive financial aid.

Appeals must include a detailed description of the extenuating circumstances that occurred during the semester in which the student failed to meet this policy. The appeal must also include all necessary documentation to support the existence of the circumstances described and evidence that the circumstances have been resolved. It must also describe a plan for ensuring satisfactory academic performance in the coming academic term. Events and circumstances that merit an appeal are personal or family emergency, unanticipated, serious medical difficulty (excluding chronic conditions – students are responsible for properly balancing work with known chronic conditions), and/or serious psychological difficulty.

Students seeking to reestablish financial aid eligibility will remain ineligible to receive financial assistance or deferment of payment until the appeal process is complete and a decision has been made by the Financial Aid Office. Students in this position should be prepared to pay tuition, fees, and other educational expenses until they have been approved to receive financial aid again.

**Tuition Assistance Program**

Oblate School of Theology serves students who are primarily interested in Church ministry. Therefore, the School endeavors to control costs as much as possible as well as support a strong educational program. Generous support by the Missionary Oblates of the United States enables the School to maintain lower tuition rates. OST offers Tuition Assistance each semester for those students that demonstrate a financial need and qualify by being enrolled at least half time in a degree program. The student is required to complete an application provided in the Finance office, and submit the application before Add/Drop date each semester.

The student must attach a recent Federal Form 1040 tax filing (along with supporting schedules) with the application, and have an above average GPA to be considered by the Tuition Assistance Review Committee. The Committee will only consider assistance under this program for up to one-third of the tuition. Each student that is awarded Tuition Assistance will be contacted by mail. Tuition Assistance must be applied directly to the student account for the current semester, money does not change hands.
Oblate School of Theology offers very limited financial assistance through the School’s own resources. Institutional financial assistance must be re-applied for prior to each academic year or prior to the enrolling semester.

Oblate School of Theology offers opportunities for qualifying students to receive scholarship funding. Below is a listing of several scholarships available:

**Master of Divinity**

The Master of Divinity degree is the first professional degree and is designed to provide a solid foundation in the various theological disciplines and in the development of ministerial skills in order to prepare candidates for ordained ministry and qualified laity for effective ministry in the Church. The degree “prepares persons for pastoral ministry through academic study and supervised practice.”

**Goal**
Preparation of candidates for presbyteral or other full-time professional ministry through academic study and supervised practice.

**Student Learning Outcomes**
Upon completion the student will be able:
1. To interpret in an ecclesially and critically responsible way the Hebrew/Christian Scriptures and theological tradition of the Christian community
2. To preach effectively within the Christian community
3. To lead liturgical worship in the Church
4. To provide pastoral care in various ministerial settings
5. To participate in the development of ministry in a collaborative style among men and women in a multicultural and religiously plural society, recognizing diverse gifts
6. To accept responsibility as a public representative of the Church working for the common good in society
7. To integrate theology, life experience, and pastoral practice

**Admission Requirements**
See section on General Admission Requirements for Graduate Studies at Master’s Level.

1. Candidates for priesthood ordination in the Roman Catholic Church in the United States must have 30 credit hours in undergraduate philosophy and 12 credit hours in undergraduate theology/religious studies as required by the U.S. Bishops’ Program of Priestly Formation.
2. In addition to the specified undergraduate requirements of History and Method of Christian Thought and Reading the Bible or their equivalents, applicants must have demonstrated skill and knowledge levels in the area of public speaking. If unable to demonstrate this competency an additional undergraduate course, Rhetoric and Proclamation or an approved equivalent, is taken.

**Master of Divinity Transfer of Elective Credit Policy**
No more than four elective hours will be accepted in transfer. Students entering OST for the first year of the M.Div. program may not transfer in elective hours. Students entering OST for the second year of the M.Div. program may transfer in two elective hours. Elective hours taken elsewhere after a student has enrolled at OST are at the discretion of the student’s academic advisor. This also applies to courses credited through OST but taught elsewhere (e.g., MACC, the Hispanic Summer Program).
No more than two hours will be accepted in transfer from the Creighton Summer Institute for Priestly Formation.

Degree Requirements
1. As a Roman Catholic school of theology, OST makes special reference to the requirements of the Program of Priestly Formation of the United States Conference of Catholic Bishops in designing the MDiv degree.
2. All candidates must complete 80 credit hours of graduate course work, normally 74 required hours and 6 hours of electives. Candidates for the Roman Catholic priesthood will complete the 80-hour MDiv plus 26 hour for the Certificate in Advanced Studies for Presbyteral Ministry (106 hours); 8 of those 106 hours are electives. Students with appropriate undergraduate course work may challenge 6000 level foundational courses.
3. Spirituality courses taken for MDiv elective credit may only be taken for 2 credit hours.
4. Students must complete at least two years of full-time study at OST. The degree program must be completed within seven years after matriculation.
5. All students for the MDiv degree must maintain, and have at the completion of the requirements for the conferral of the degree, a minimum grade point average of 2.5 for graduate work. Low grades, indifference, or neglect of work during any semester may place a student on academic probation.
6. Master of Divinity students must develop a capacity to minister in the English and Spanish languages. Any exceptions need to be approved by the MDiv Director. To achieve the Spanish proficiency expected of an MDiv graduate, it is necessary to be able to celebrate the liturgy, preach, and converse in Spanish. Prior to enrolling in upper-level preaching and sacrament courses, students should demonstrate an intermediate Spanish competency. In some selected upper-level courses, primarily pastoral and sacramental core courses, students should complete at least one substantive assignment in Spanish. Such requirements are specified on the syllabus.
7. In the area of spiritual formation and ministerial leadership, a candidate must show evidence of characteristics that befit a professional minister of the Church.

Theological Field Education
The Program of Theological Field Education (TFE) is a series of courses within the Pastoral Studies curriculum for Master of Divinity (MDiv) students which provides for on-going formation through the integration of studies into the ministry setting. The first year of studies is referred to as Orientation to Supervised Ministry. Theological Field Education year two and year three studies are referred to as TFE II and TFE III. TFE provides for the ongoing relationship between theory and practice and is in itself, a locus of pastoral theology.

Theological Field Education promotes the development of the student as a pastoral leader while providing a genuine service to the Church and society. Students respond to the real needs of people in a ministerial setting. The theological reflection process and methodology has been time-tested and proven.

Through the course of study, experience and reflection, the student gains ministerial self-understanding and confidence as a pastoral theologian. M Div students participate in a variety of
pastoral experiences and engage in theological reflection. The practice of pastoral ministry while reflecting upon their experiences and working at integrating theological studies will lead the student to a deeper understanding of self in preparation for life in ministry.

Students in the M Div program enter Theological Field Education by first registering for the Orientation to Supervised Ministry class. This two semester course provides a classroom overview of the practice of pastoral ministry and theological reflection followed by an introductory field experience and peer group meetings. The TFE Director orchestrates seminarians’ placements in collaboration with the Supervisors and Directors of Formation for Diocesan and Religious Communities.

TFE second and third year students enter into year-long placements for a required 150 clock hours. Students participate in the actual practice of ministry, receive individual supervision in the placement, discuss their theological and spiritual developments with a member of the faculty assigned to them as their Theological Consultant and participate in peer theological reflection sessions.

The specific number of semester hours is listed under the degree program and requirements are described in each course syllabus.

**Application for Candidacy**
The MDiv student may apply for official candidacy to the MDiv degree after successfully completing 27 credit hours of core graduate courses at Oblate School of Theology and fulfilling the language requirements. The Admissions Committee, after consultation with faculty, will decide on the applications for candidacy.

Admission to candidacy is the faculty’s attestation that the student has demonstrated abilities to fulfill all academic and professional outcomes for the degree and to meet all the degree requirements.

**Internship Program (or Pastoral Year)**
Academic preparation and limited concurrent field education experiences provide a basic introduction to the pastoral ministry of the Church.

Internship provides for full time involvement as a recognized member of a pastoral team, usually in a parish situation. OST offers a non-obligatory but strongly recommended Internship program. The Internship Program normally follows the completion of three years of studies and is of nine months duration, after which the intern returns to complete the academic requirements for the MDiv degree. As non-obligatory, the twelve (12) credit hours earned are recorded on the academic transcript but are not applied toward the degree. Structural components of the program include a pastoral placement which ensures a wide range of ministerial experiences, a field instructor who is trained in pastoral supervision, and a lay committee representative of the parish community. Internship is an intentional educational process structured to achieve the human and faith maturation of the person, while seeking to develop competence in pastoral skills through theological reflection in the actual practice of ministry.
Certain dioceses opt to have their seminarians do a Pastoral Year after their second year of graduate theology, rather than the Internship. In such cases OST offers a Pastoral Year with modified ministerial experiences in view of the lesser preparation for ministry. Otherwise the basic structure of the program remains the same.

**Final Qualifying Project**
Integration of Theological Studies is the final qualifying project for MDiv degree candidates. It is a seminar devoted to sharing and revising selected examples of their previous professional work during the MDiv program. It is normally a two-semester process which begins in the fall semester of the final year of the candidate’s MDiv program.

**Continuation Outside Priestly Formation**
Since the Master of Divinity Degree is the first professional degree for ministry in the Church, OST has the responsibility to evaluate an MDiv student’s accountability to the local church and continued suitability to pursue this degree for professional ministry. To continue as an MDiv student, a seminarian who initially enrolls at the School as a member of one of the affiliated formation houses and subsequently withdraws from this formational program must fulfill the following requirements:

1. A new statement of Goals and Objectives
2. Three recommendations including one from the previous formation director(s)
3. An Interview with the Director of the MDiv program

Baccalaureate in Sacred Theology (STB)

The Baccalaureate in Sacred Theology (STB) is offered through an affiliation with Saint Paul University, Ottawa, and accredited by the Congregation for Catholic Education. The STB represents ecclesial certification that a student has completed the requirements for the degree and is knowledgeable in all the major areas of Catholic theology.

Goal
To give a sound theological education in preparation for ministry, which encompasses knowledge of scriptural, dogmatic, moral and practical theology as handed down by Church tradition and developed in light of the contemporary Church in the world.

Student Learning Outcomes
Upon completion the student will be able:
1. To interpret in an ecclesially and critically responsible way the Hebrew/Christian Scriptures and theological tradition of the Christian community;

3. To perceive the relationships between the various areas of theology;
4. To have the aptitude to exercise critical discernment both in the selection and use of theological texts (scripture, ecclesiastical documents, particular theologies, etc.), and also in the assessment of various historical situations of the Church and of the world; of the past and of the present;
5. To possess a clear-minded and searching interiorization or personal appropriation of the realities of the faith;
6. To have the aptitude to perceive ministerial activities as contributing to the life of the Church in spirit and in truth;
7. To possess adequate knowledge of the sources, the methods and the tools needed to continue the study of theology independently;
8. To integrate theology, life experience, and pastoral practice.

Admission Requirements
1. Student must successfully register through OST and be accepted as a student at Saint Paul University, Ottawa. (See section on General Admission Requirements for Graduate Studies at Master’s Level.)

The student will satisfy all requirements of the first cycle of theological studies. (Note: Additionally, the candidate for ordination will complete all other requirements for pastoral formation as specified by the Program of Priestly Formation and included in the Master of Divinity Program.)

Curriculum
The STB program will be completed in 4 years with courses in the following areas: historical and cultural studies (8 cr. hrs.), scriptural studies (17 cr. hrs.), theological studies (47 cr. hrs.), pastoral studies (26 cr. hrs.), and electives (8 cr. hrs.).
**Master of Divinity/ Master of Arts (Theology)**

The MA/MDiv dual degree is tailored to students who demonstrate exceptional capacity for research during their MDiv program. The MA Theology prepares students who may wish to continue on to further studies, or those who could eventually teach at the high school or junior college levels.

Candidates for the Master of Divinity degree (MDiv) who hold a bachelor’s degree may apply 18 credit hours from the Master of Divinity toward a Master of Arts (Theology) degree. (Students enrolled in the CPS Certificate of Pastoral Studies, may not apply for the dual degree) They may earn a MA (Theology) degree by acquiring eighteen additional graduate credits in courses taken at OST, i.e. not transferred from another institution, and by fulfilling the thesis requirements as designated for the MA (Theology) degree. The additional credits can be covered for seminarians by the additional credits beyond the MDiv degree that are required by the Program of Priestly Formation. The total hours for the two degrees equal 98 graduate credit hours (for presbyteral candidates who must also obtain the Certificate of Advanced Studies for Presbyteral Ministry, a minimum of 106 graduate credit hours). Ministry skills-based courses such as Pastoral Care, Preaching or Theological Field Education cannot be used to fulfill the requirements of the MA Theology.

A minimum overall grade point average of 3.0 is required for all courses applied to or taken for the MA (Theology) degree. A student may not matriculate for the dual program before the completion of two semesters of full-time graduate study at OST. The student must maintain a 3.0 semester average in both degree programs to remain in the dual degree program. The MA Theology dual program must normally be completed within six years after matriculation.

Candidates should strive to complete their final MA thesis during the second-last year of their MDiv Program (i.e. during Year III Theology).

In addition to the 18 credit hours from the MDiv, the requirements for a Dual MDiv/MA Theology degree are:
1. 12 additional appropriate credit hours (for presbyteral candidates this requirement is fulfilled by their program); this must include the 1 credit hour MA Theology Pro-Seminar, to be taken the first semester of year II in the MDiv program;
2. Application for Candidacy to the Degree;
3. Concentration - 3 of the 12 credit hours in a. can be used for a concentration in one of the five appropriate areas (Cultural/ Historical, Scriptural, Systematic, Moral, Sacramental or Spiritual). The area of concentration should normally support the student’s thesis topic;
4. Thesis Proposal – 0 credit hours. The proposal must be approved by the student’s director, reader(s), as well as the program director before he or she can be registered for the Thesis writing stage. This must be submitted after the second semester of Year II in the MDiv program.
5. Thesis – 6 credit hours. This must be completed and submitted so that it agrees with the Oblate Style Guide and library requirements.

**Students in the dual MATh/MDiv program must do a thesis.**
DOCTORATE DEGREE PROGRAMS

Doctor of Philosophy (Spirituality)

The PhD (Spirituality) is an Oblate School of Theology initiative in response to an expressed interest and hunger for graduate formation in Spirituality. More and more people are interested in Spirituality and are seeking advanced academic training in the area. Few existing doctoral-level programs in Spirituality focus specifically on the long, deep, and rich history of the Judeo-Christian traditions in prayer, mysticism, and spiritual guidance. This program serves the church and society in an important way by providing doctoral-level scholars in the areas of prayer, mysticism, spiritual discernment, and spiritual guidance.

The Doctoral Program in Spirituality produces scholars with comprehensive knowledge of the overall discipline as well as a specialization in at least one particular area of Christian Spirituality. The specific approach is academic and theological from the Roman Catholic tradition, with openness to ecumenical and interreligious perspectives.

Goal
The goal is to immerse each student in the history and tradition of classical Christian Spirituality so as to give him or her the tools to assess religious experience, critically evaluate contemporary movements within Spirituality, help mentor others spiritually, do scholarly research and publishing in the area of spirituality, and develop a vocabulary to articulate both the human spirit and divine revelation more effectively.

Student Learning Outcomes
Upon completion the student will be able to:

• Demonstrate an essential literacy in the discipline of Spirituality and apply critical tools needed for scholarly research as defined by the academy of theology
• Demonstrate a critical in-depth knowledge of two classical schools of Christian spirituality
• Comprehend the relationship between religious experiences across ecumenical and interreligious lines
• Identify resources to discern authentic religious experience from human pathology
• Articulate the Christian tradition in terms of other or multiple historical/cultural contexts

Admissions Requirements
1. A Master of Divinity degree, Master of Arts degree in Spirituality or Theology or the educational equivalent is required.

2. Students who do not already have a graduate degree in Theology or Religious Studies are required to obtain the MA in Spirituality before applying to the program.
   a. Religious Studies are required to obtain the MA in Spirituality before applying to the program.
   b. Students who have completed an MA in Spirituality in another institution will be evaluated and prerequisite courses may be required.
**Degree Requirements**
At least 54 hours of doctoral-level course work: 36 hours of core courses and 18 hours of electives.

A first-year doctoral seminar is required of all students.

One modern language in addition to English OR an ancient language related to the area of specialization or research.

**Language Requirements**
Beyond English, students need to demonstrate reading proficiency in at least one modern language. Depending upon their areas of specialization and their thesis topics, students may be required to show proficiency in another ancient or modern language.

**GPA Requirement**
Students must maintain a 3.3 grade point average.

**Comprehensive Exam**
All students are required to take a comprehensive examination upon completing their course requirements and before submitting their proposals for a dissertation.

**Candidacy**
A student will be considered a PhD candidate upon:
- Completing all the course work
- Successfully completing the comprehensive exam
- Submitting a dissertation proposal that is accepted by the OST faculty.

Acceptance into the PhD Program does not imply acceptance to Candidacy for the degree. Upon admission, the administrators of the PhD program guide a student through the program requirements. Normally, once a student, the Candidacy status is conferred upon the student who completes all course work, the Comprehensive Exam, and whose doctoral proposal has been accepted by his/her DPC. A student must petition in writing for doctoral candidacy in conjunction with the DPC’s approval of the proposal.

**Dissertation**
A written dissertation is required of each student. (See PhD Student Handbook for more details)

**Time Limit**
Each student is required to have completed all requirements for the degree within seven years of initial registration. Extensions may be granted by the Dean.

**Continuation Status**
Students must register each semester for a particular course, or a section of the dissertation to maintain current status in the PhD Program. If a student is ineligible or unable to register for a particular course in a given semester, the student will register for one of the continuance classifications. The PhD Administration will advise the student about the applicable
continuance status. Please refer to the course descriptions in the back of this catalog for an explanation of the continuance classifications.

Withdrawal and Drop Policy
Students are expected to be enrolled in classes each semester until all courses are completed. If this is not done, extended status must be requested from the PhD Administration.

Withdrawal from the program after initial orientation must be requested in writing from the Program Director.

Personal Leave
Students in exceptional circumstances, such as military personnel while they are deployed or students facing exceptional personal, ministerial, or family stress, may contact the PhD administration about the possibility of personal leave.

**Degree Requirements**

1. The candidate must successfully complete thirty doctoral hours (36 for residential Spirituality and Ministry Concentration). A maximum of six applicable doctoral hours, earned within the last ten years, may be transferred into the DMin Program at the discretion of the Program Director.

2. A student must pass each course. Incomplete or insufficient work for a course or other curricular component may be grounds for probation or dismissal.

3. Professional ethical conduct required by a student’s denomination is presumed throughout the DMin Program. Violation of these principles may be grounds for probation or dismissal.

4. The minimum time for degree completion is three years; the normal maximum time for completion is six years after matriculation. The expected time of completion is 5 years.

5. Upon acceptance of the student’s Doctoral Project by the Doctoral Project Committee and with the assistance of the DMin Administration, a student makes arrangements for an oral presentation to the OST faculty, students, and invited guests. The oral presentation normally requires a student’s presence on campus. Satisfactory completion of this presentation is one of the final requirements before conferral of the degree.
**Doctoral Courses**
Courses are taken at OST’s campus during the two-week intensive sessions every January and June, unless otherwise specified. It is recommended that the student take a leave of absence from work on class days during the intensive sessions because there is work required outside of class time. Thirty hours a week will be devoted to course activity, including classroom interaction.

Students in the Spirituality and Ministry residential concentration take a full-time load of doctoral courses during the regular fall and spring semesters (7.5 cr. hrs. each) in addition to three intensive sessions and may complete their coursework after 13 months of full-time attendance.

Requirements for each course include the following:

- Completion of the reading assignments provided to the student. The required readings and syllabus are provided to the student approximately two months before the first day of the intensive sessions (and on the first day of class for the regular semesters). Students taking the intensive sessions are expected to have completed all the reading assignments before the start of the session.
- Submission to the respective professor of any pre-assignment(s) indicated in the syllabus.
- Completion of a doctoral-level paper of significant length, as indicated in the course syllabus. The final paper is delivered to the professor(s) within three months of the completion of the class, according to the timeline found in the syllabus.
- Final grades for each course shall be posted as Pass/Fail. Within the course work, professors may choose to indicate letter grades (following the OST grading distinctions) on any assignment(s) and the final evaluation to convey the student’s level of competency for doctoral study.

**Continuation Status**
DMin students must register each session/semester for a particular course, or a section of the Doctoral Proposal or Project to maintain current status in the DMin Program. If a student is ineligible or unable to register for a particular course in a given semester, the student will register for one of the continuance classifications. The DMin Administration will advise the student about the applicable continuance status. Please refer to the course descriptions in the back of this catalog for an explanation of the continuance classifications.

**Application for Candidacy**
Acceptance into the Doctor of Ministry Program does not imply acceptance to Candidacy for the degree. Upon admission, the administrators of the DMin program guide a student through the program requirements. Normally, once a student completes all course work (except Doctoral Project I and II), the DMin Administration assists the student with the creation of his/her Doctoral Project Committee (DPC) and the student writes his/her doctoral proposal under the DPC’s guidance. Candidacy status is conferred upon the student whose doctoral project proposal has been accepted by his/her DPC. A student must petition in writing for doctoral candidacy in conjunction with the DPC’s approval of the proposal. (Additional information and policies regarding doctoral candidacy and the Doctoral Project Committee will be made available in the DMin Handbook, which is presented at orientation.)
**Withdrawal and Drop Policy**

Students are expected to be enrolled in a class each January and June until all courses are completed. Students in the residential Spirituality and Ministry Concentration are also expected to be enrolled during the fall and spring semesters. If this is not done, extended status must be requested from the DMin Administration. Students must register for Doctoral Project I within six months of the approval of the student’s doctoral proposal and acceptance into doctoral candidacy. Without a written exception from the DMin Administration, extended status will automatically apply in both of these cases if the student does not register by the deadline.

Withdrawal from the program after initial orientation must be requested in writing from the Program Director.

Students may drop a course after they register, but may not add a course without permission of the DMin Administration. Added courses will be billed as any other.

The refund policy for dropped classes is listed in the section on Financial Information.

**Personal Leave**

Students in exceptional circumstances, such as military personnel while they are deployed or students facing exceptional personal, ministerial, or family stress, may contact the DMin administration about the possibility of personal leave.

**Magis Ignatian Spirituality Programs**
Magis is a Latin word for what is most. St. Ignatius believed that we are all called for a purpose or end in life for which we are created. In order to reach this fullness, we choose what is magis, most likely to lead us to that end.

Magis is a network of spiritual directors in the San Antonio, Texas region who are trained to accompany others in the Spiritual Exercises of St. Ignatius in Daily Life (known as the Annotation 19 format). The network fosters the ministry of the Spiritual Exercises by providing opportunities for training, continuing education, facilitating retreats and fellowship among spiritual directors. Magis provides workshops and retreat opportunities for persons wishing to enrich their spiritual life from an Ignatian perspective. Several members of the network facilitate Ignatian-themed retreats to groups and parishes. We also provide weekend silent directed retreats.

**Ignatian Spiritual Director Training**
St. Ignatius of Loyola believed that we can find God in the events of our daily life. This course is intended for those who have sensed a call to guide others who desire to make the Spiritual Exercises.

Spiritual directors are trained to have a thorough knowledge of Ignatius’ original text of the Spiritual Exercises, as well as an understanding of the culture in which the Spiritual Exercises were founded. When they are certified, they can accompany others without having to rely on “canned” or pre-designed formats of the Spiritual Exercises.

Because they know the original text, spiritual directors are able to adapt the Exercises to fit the contemporary needs of each retreatant. This is especially important when spiritual directors are accompanying people from other Christian denominations.

This program is taught at a graduate level, so students are expected to develop both directing and graduate research skills through assignments and supervision.

The primary focus is to develop the skills for directing in daily life, using the original text of the Exercises. To maximize the development of these skills each session will consist of a lecture and practicum in the form of a role play or case study. This first year of weekly study will be followed by a second year of supervised directing of the *Exercises in Daily Life*.

This course can be taken to complete 9 hours of graduate credit hours. These can then be applied towards the Master of Arts in Spirituality. Alternatively, spiritual directors who do not wish to receive these graduate hours, may complete the program to receive a certificate.

**Pre-requisites:** An applicant must be a spiritual director, trained at a recognized center, who has completed the Spiritual Exercises of St. Ignatius in a personally directed setting such as a 30 day retreat, or in Daily Life.
Ministry to Ministers Sabbatical Program
The Ministry to Ministers (MtM) Sabbatical Program provides a sabbatical experience for Roman Catholic priests, religious women and men, and lay ministers who have been engaged in pastoral ministry for a number of years.

Four key aspects of the Biblical Sabbath – ceasing, resting, embracing and feasting – constitute the framework to facilitate the personal, spiritual, theological, and pastoral renewal of each participant.

Holistic in its design, MtM focuses on personal growth and spiritual renewal, addressing the needs of body, mind and spirit. A key objective of the program is integration: the assimilation and application of this experience into everyday life and ministry.

To create a healthy and hospitable community atmosphere, the international program accepts a maximum of 24 participants, with an equitable balance between women and men. The program is not intended for persons suffering significant psychological dysfunctions or addictions.

Two sessions are offered each year: fall (August – December) and spring (January – May).

Core Components
• Spiritual Direction and Faith sharing: All MtM participants choose a Spiritual Director or Soul Friend who seeks to be a personal, spiritual companion, facilitating the integration of new insights, personal spiritual growth and development. Weekly Faith Sharing in small groups enables participants to glean new self-knowledge by sharing personal experiences, faith challenges and opportunities.

• Mini courses and conferences focus both on general theological updating and specific topics of contemporary spirituality and psychology related to personal well-being. This is accomplished via the talents and skills of the Oblate School of Theology faculty and the expertise of outstanding lecturers, theologians, and spiritual directors from the region and the nation.

• Academic and enrichment courses offered by the Oblate School of Theology are open at no additional cost to MtM participants. Reading and reflection are encouraged, but there is no written homework!

• Physical well-being: All have the opportunity to participate in an individualized wellness program. A wellness consultant suggests an individual program to meet personal needs. At St. Mary’s University Athletic Center MtM participants are offered a wide array of exercises such as water aerobics, yoga, rock climbing and the use of specialized exercise machines.

• Personal Counseling: Although Personal Counseling is not included in the cost of the MtM program, some Sabbatical participants discover the need for the services of a licensed counselor during the program. MtM provides the names of competent and respected counselors to respond to this need.
• Sharing of community life, faith and life experiences is essential to the MtM program. Free time is built into the program, including most afternoons and evenings, and Saturdays and Sundays. All participants are expected to disengage from active ministry commitments to devote their time and energies to the sabbatical process.

**Tuition & Housing**

The Pat Guidon Center is home of the MtM program and features spacious bedrooms with private bath, internet access, glass-walled chapel, gardens and family-style dining arrangements. A large outdoor swimming pool is also available for MtM participants.

MtM Tuition covers all presentations, workshops, classes, Spiritual Direction, 8 Day Directed Retreat, gym membership, Mustang Island excursion and wellness consultant. Also included are normal room and board living expenses such as meals, snacks and socials, along with bed linens, towels and laundry supplies.

Hispanic Summer Program
Oblate School of Theology is a sponsor of the Hispanic Summer Program (HSP), which takes place for two weeks every summer at a different site in the United States or Puerto Rico. Hispanic students and others who are bilingual and who are committed to ministry among Hispanics can attend this academic program. Students may take only one course for 3 credit hours. Auditing additional courses is not permitted. Courses in the Hispanic Summer Program cover a wide range of the theological curriculum, and are always taught from the perspective of the Hispanic/Latino community.

HSP courses require the ability to read and speak English. Written work may be completed in either English or Spanish.

The Hispanic Summer Program offers 7 choices of 3-credit, accredited courses geared toward master-degree level Latina/o seminarians and graduate students. There are a limited number of slots for D.Min. and Ph.D. students from sponsoring institutions only. The program is designed primarily for Latina/o students enrolled in theological seminaries and university departments of theology or religion. We have also welcomed about 10% of non-Latina/o students nationwide who are involved in Latino-centered ministries and advocacy. The (HSP) provides the opportunity for students to study with Latina/o peers and professors.

Each summer, the HSP brings together nearly 85 participants from the U.S. and Puerto Rico, representing a wide variety of traditions, denominations, and theological perspectives. The HSP also provides a limited number of slots for Latina/o pastors seeking continuing theological education.

The Sophia Community Program
Oblate School of Theology announces a program specifically designed to serve the growing population of women engaged in Lay Ecclesial Ministry. The program is intended for the active women who has little time, limited resources, and may not have a program readily available. Upon completion the participant will receive an MA in Pastoral Ministry and will have formed a lifelong support group with others in ministry.

Academic Study
Students in the SCP earn the MA in Pastoral Ministry through on-campus study in a summer session format, online courses, and supervised ministry. On-campus coursework is scheduled in an intense format with work to be completed before arrival and after the session ends. Students are offered one online course each fall and spring semester. Supervised Ministry is completed in the local parish, diocese or other ministry setting. Students may expect to complete coursework in three years.

The Sophia Community
The Sophia Community is the heart of the program. This community provides human, pastoral, and spiritual formation as called for in Co-Workers in the Vineyard, the 2005 document on formation for lay ecclesial ministry written by the US Conference of Catholic Bishops. A mentor who offers support and encouragement throughout the time at OST welcomes each entering student.

Prayer, theological reflection, and integration of academic study are all essential elements of life in the Sophia Community. Support continues through on-line connections between students, mentors, and faculty throughout the program.

Qualifications
OST is seeking applications from women currently engaged in ministry who desire further theological study. Other qualifications include:

• Women from areas underserved by Catholic higher education and in need of lay leadership.
• Must meet OST admission requirements for MAPM degree.
• Must be computer literate and familiar with the use of the Internet.
• Be available to attend on campus sessions for three summers beginning in June.

Priority will be given to the following:

• Roman Catholics ministering in a Catholic setting
• Those from areas that are underserved by traditional Catholic higher education, that serve the poor or the abandoned or are in need of developing lay leadership
• Those whose dioceses and parishes provide financial support
• and time for study.
• Those ministering in dioceses or parishes served by the Missionary Oblates of Mary Immaculate in the U.S.
Application Process/Deadlines Admission Requirements
See section on General Admission Requirements for Graduate Studies at Master’s Level

In addition to the general admissions requirements, Sophia applicants must also apply for Sophia Community support. The deadline for the Sophia Community Program is April 30.

Tuition and Housing
Significant financial support from OST for this program allows reductions in program costs to participants. The cost for tuition, housing, and meals is $3000 per academic year per student; a total of $9000 for the entire program. This is a 60% reduction in the usual cost. Books, travel, and other personal expenses are additional costs to the participant.

OST is encouraging dioceses, parishes, or other sponsoring agencies to offer financial support to students they recommend in the amount of $1500 per academic year. With such support the student will only pay $1500 per academic year.

Applicants from ministries sponsored or served by the Missionary Oblates of Mary Immaculate can receive additional support from the US Province of the Oblates. Contact the province for additional information.
The Permanent Deacon Program

The permanent diaconate program at OST provides the theological formation of deacon candidates in the Diocese of San Angelo and the Diocese of Lubbock. Drawing from its rich history of preparing candidates for ordained ministry, Oblate teaches participants to be knowledgeable and reliable witnesses to the Catholic faith and its traditions.

Goal

“An increasingly educated society and the new roles of leadership in diaconal ministry require that a deacon be a knowledgeable and reliable witness to the faith and a spokesman for the Church’s teaching. Therefore, the intellectual dimension of formation must be designed to communicate knowledge of the faith and church tradition that is “complete and serious,” so that each participant will be prepared to carry out his vital ministry.” National Directory for the Formation, Ministry, and Life of Permanent Deacons in the United States #118.

Opportunities

The Deacon Formation Program is a five-year program of formation including a propaedeutic year. Candidates meet for 8 hours of instruction on a given topic followed by additional spiritual, human and pastoral formation provided by the Diocese.

Oblate School of Theology selects faculty, both full-time faculty and adjuncts. Spiritual directors, mentors, facilitators of theological reflection groups and supervisors of supervised ministry are selected and assigned by the local diocese.

SS 7210 Africana Biblical Hermeneutics (Sankofa)
The course has three components. First the origins Africa and the experience of enslavement and its effects on African Americans. Second, the course will examine the rise of academic African American hermeneutics. Finally, the course will examine the emerging horizons for African American biblical hermeneutics.

The story of Black biblical hermeneutics begins in Africa with Augustine and Tertullian. During the rise of European colonialism that gave rise to the African slave trade formulated a theory of race. The so-called curse of Ham became one of the theological cornerstones of “white supremacy.” The enslaved Africans developed interpretive strategies. Interpretive strategies folded in differing perspectives on the path to liberation in the era from early American through the Civil Rights Era.

The rise of academic African American biblical hermeneutics provides a horizon of issues that will shape the next decades of conversation such as African presence in the Bible, gender and the role of the reader’s social location. This last element became a major locus for African-American hermeneutics. The gender issues developed into womanist interpretation which has an introduction and some anthologies. A collaboration of biblical scholars produced one volume commentaries for each testament. (Spring)

(Prerequisite: SS 6200 Scriptural Hermeneutics) (Elective) (Spring)

Such a corpus comprises of the letter to the Hebrews (anonymous text previously attributed to Paul), as well as a collection of wider audience correspondence, traditionally called ‘Catholic Epistles’: James, 1-2 Peter, Jude and 1-3 John. Introductory issues such as the letter/epistle genre, structure, authorship, date, intended audience will be covered, as well as proposed reconstructions of the social and religious setting of the different churches of the first century reflected in these writings. Attention will be paid to Canonical criticism, which posits that this collection of very diverse letters grew as a counterpart and in conversation with the Pauline corpus. Students will also be introduced to Patristic readings of these letters, thereby providing insight into the theological reception of the New Testament and the emergence of Catholicism.

“This study [of Scripture] is never finished; each age must in its own way newly seek to understand the sacred books.” (PBC, Interpretation of the Bible in the Church, 1993).

TS 7376 Biblical Foundations of Spirituality
In the ancient world, spiritual growth was fostered through person- al relationship. In the New Testament, discipleship, from the Greek word mathetes, describes a relationship between a teacher and student, mentor/mentee, master/servant. But discipleship and spiritual growth are not the only dimensions of spirituality encoded in the text. Scripture texts that are not specifically about discipleship were also viewed as sources of encounter with God. Interpretation, sometimes called the “spiritual sense” of Scripture, is not only a method for reading Scripture, but is itself also a process of encounter and growth.

This course focuses on the Bible as a primary source of spirituality from an interdisciplinary
perspective. It begins by looking at how Scripture represents spiritual experience and how reading and/or interpreting Scripture as one of the primary processes that fosters spiritual growth. It then examines assumptions about spiritual development in the biblical texts from both ancient and modern perspectives. The second half of the course will focus specifically on the theme of discipleship as a specific stage of spiritual growth.

Spirituality is an emerging area of academic study characterized by an interdisciplinary approach. Building on the Pro-Seminar in the first year, the Foundations course will help students understand those significant fields of research that influence and ground the study of spirituality and spiritual writing in the academy. The Foundations course will explore some of the “classics” of western philosophical tradition, Catholic theological method and content, twentieth century anthropological, sociological, cultural studies and gender studies and educational theory. The goal of this course is to offer some principles and classical distinctions drawn from philosophy, anthropology, sociology, educational theory, and revelation that can help serve as a foundation
within which to ground Christian spirituality. (Fall, Year 2)

**DSC 7301 History of Christian Spirituality**

Emphasis on the engagement of students through oral communication, creative expression, and communications media appropriate to the area of spirituality. Attention to the effective formulation and use of lectures, discussions, presentations, group work, projects, and assessment to facilitate student learning in accord with varying learning styles. Individual supervision and peer review of seminar participants’ instructional activities in ongoing placements and in anticipated instructional activity. (Spring, Year 3)

**DSC 7306 Integrating Seminar**
Integration can be described as the process of bringing together or combining parts into a unified,
harmonious whole. This seminar provides a framework for integrating learning about spirituality, through an actual experience or spiritual practice. Students will be introduced to the concept of research and writing as a spiritual practice that can shape them intellectually and spiritually. They will be asked to relate readings about the spiritual discipline of writing, to their own process. More concretely, students will have the opportunity to integrate the content and skills acquired through courses in the PhD. in Spirituality program through self-examination. They will then formulate a preliminary research proposal and use this to design possible questions for their comprehensive exams. (Fall, Year 4)
